PREDICTABLE PRICE GUIDE

Fast Flashings is competitive by design. Estimating the cost of each part needs to be simple and predictable. We have created standard pricing that estimators can insert the correct price for almost all flashing parts and know what they will pay. With free delivery, all onsite staff can stay on task without leaving the project to acquire the flashing at no additional cost.

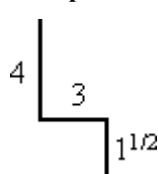

Prices for flashings are based on per inch of stretch out per foot and are rounded up to the next inch.

Material	26 GA	24 GA	22 GA	20 GA
Galvanized	\$.33	\$.34	\$.35	\$.36
Bonderized	\$.40	\$.40	-	-
Pre-Primed	\$.33	\$.33	-	-
Kynar	\$.39	\$.40	\$.41	-
Stainless Steel	\$.74	\$.80	-	-
Copper	16OZ=\$1.54	20OZ=\$1.7	-	-

ABOVE PRICES ARE GUARANTEED

Please note: Copper and Stainless Steel are precious metals. Because market prices fluctuate so regularly, please have large copper and stainless steel jobs quoted for competitive pricing reasons.

Example:

This profile would be invoiced as a 9 inch stretch out. If it was made out of 24 GA Kynar, it would be 9" X \$.40=\$3.60 per foot.

This profile: $3+3+1/2+3/8 = 6\ 7/8$. Which = 7 inch stretch out. Sold as 24 GA Galvanized would be 7" X \$.34 = \$2.38 per foot.

Item	Size	Price
Vent Base Single	Per Vent	\$54.00
Vent Cover	Per Vent	\$40.00
Vent Base Double	Per Vent	\$73.50
Double Vent Cover	Per Vent	\$47.00
Sill Pans:		
Galvanized	Up To 40"	\$60.00
(S/O may affect price of pans)	Up To 60"	\$73.00
	Up To 120"	\$80.00
Stainless Steel	Up To 40"	\$80.00
(Based on 8" S/O)	Up To 60"	\$95.00
	Up To 120"	\$108.00

\$25 Galvanized
\$35 Stainless Steel

\$25-\$60 Galvanized
\$35-\$70 Stainless Steel
